- Transportation:** **Air Canada** has connecting flights from Toronto to Sudbury.
Porter Airlines goes from downtown Toronto to Sudbury. In addition, there is bus service (Greyhound Bus) linking Toronto to Sudbury. There is no train service. See web sites below.

Sudbury-French River Wilderness tour

Given that rowing tours have a short history in Canada, we are fortunate to be hosting the second Canadian World FISA tour. The first took place in 2002 when 90 rowers travelled from Ottawa to Kingston.

The 6 day rowing tour will begin in Sudbury, Ontario, 400 kilometers north of Toronto, Ontario. From there, 60 participants from around the world will spend several days in the French River Delta, and the West Arm of Lake Nipissing area. Saturday, the final day of rowing will be in downtown Sudbury, on Ramsay Lake, the largest fresh-water, city-contained lake in the world. The final evening will be celebrated by a gala in the Cavern of Science North.

The French River and the West Arm have a rich history. For thousands of years before the arrival of Europeans, Aboriginal people used the river as a place to meet and trade goods. The river links Lake Nipissing with Georgian Bay, through a 105-kilometre span of interconnecting lakes, gorges and rapids that provide a variety of water routes, scenery and recreational water activities. Early French explorers

(the “Voyageurs”) and missionaries began traveling from Montreal through the area in the early 1600s. This historic transportation route has remained relatively undisturbed throughout time. The shoreline you will see is the same as the early explorers saw in 1615. In addition to being a Provincial park, in 1986 this river was designated a Canadian Heritage River.

Both the West Arm and the French River are huge and diverse resources. There are many areas of exceptional natural beauty and the varied habitats host an assortment of wildlife, including some rare and endangered species of plants and animals.

- Aug 25:** Hotel and tour registration.
City hosted welcoming reception.
- Aug 26:** Bus will take participants to West Arm Lodge- check in
Opening ceremonies
Row 25 km.
- Aug 27:** Row 35 km in a different direction on the West Arm.
